

BELZONA KEEPS STUDENTS SAFE AT PRESTIGIOUS UNIVERSITY

ID: 1647

PROBLEM

The existing grip system had worn away over the years.

APPLICATION SITUATION

This application was in the Science Block which is a high pedestrian area.

APPLICATION METHOD

Application was carried out in accordance with Belzona Know-How System Leaflet FPA-8.

BELZONA FACTS

This is a very high pedestrian area with 190 steps. They required a high performance positive grip system which would also be easy to clean. In addition, a fast curing system was required so that disruption was minimized.
