

BELZONA REFURBISHES LOADING DOCK

ID: 6199

PROBLEM

The Loading dock and car park were old and in need of a facelift as all of the original coating had been worn away.

APPLICATION SITUATION

Loading dock and car park of a multi use business complex

APPLICATION METHOD

The application was carried out in accordance with Belzona System Leaflets FPA-4 and FPA-8. The floor area was prepared using a dustless diamond grinder then coated with 2 coats of the Belzona 5231. The line markings, chevrons and wording were then reinstated using Belzona 4411 in a single coat of safety yellow.

BELZONA FACTS

Belzona materials were chosen due to their ease of application, proven longevity and incorporated grip system that provides a safer and more durable finish than conventional floor paints.

INDUSTRY

Buildings & Structures

LOCATION

Business complex, Brisbane, Queensland, Australia
