

BELZONA EXTENDS THE LIFE OF ID FANS

ID: 678

PROBLEM

The ID fan housing would wear away necessitating replacement every two years at best.

APPLICATION SITUATION

ID Fan housing

APPLICATION METHOD

Application carried out in accordance with Belzona Know How System Leaflet SHM-1.

BELZONA FACTS

An initial test on an original badly eroded unit proved the cost benefits of the application to the customer. With the Belzona product acting as a sacrificial wear surface minimal metal loss was recorded during the 12-month test period.
