

BELZONA PROTECTS ELBOW

ID: 9587

PROBLEM

Abrasive material was wearing out elbows in an air handling system.

APPLICATION SITUATION

Highly abrasive resistant coating will protect this low angle abrasion pipe work for many years to come using easily applied Belzona's elastomers.

APPLICATION METHOD

Grit blast completed, conditioner applied, elastomer base and top coats installed.

BELZONA FACTS

Easy application and no odour allows us to safely apply this abrasion resistant solution in a sensitive area of a large plant.

INDUSTRY

Steel & Metal Processing

LOCATION

Trail
